Where Shakespeare Was Wrong.

"Romeo and Juliet" ends too cruelly. Shakespeare ought to have had a ship in waiting to carry the lovers to a distant clime immediately on "Juliet's" exit from the tomb. Then the friar ought to have found "Romeo" and told him that he (the friar) had given "Juliet" a potion to put her in a deep sleep, the counterfeit of death, and that he "Romeo" had better hang around the tomb and be ready the moment "Juliet" waked up to fly with her. But all these precautions were neglected, and the friar stands in a measure responsible for the death of "Romeo" and "Juliet."

We don't blame "Romeo" for sticking his sword through the "County Paris." "Paris" wanted to have "Romeo" arrested and put in the cooler so he could have "Juliet" all to himself. It is just possible that "Romeo" saw through "Paris'" little game, and promptly put his sword through him for it.

If some manager would fix the play up as we have suggested, and have "Romeo" and "Juliet" march on board ship and leave for a foreign shore to the music of a brass band, it would be delightful. As "Romeo and Juliet" ends now it is horrible—intensely awful. [Wichita News.]

New Placer Diggings.

Recently two prospectors, Tom Hannigan and E. Smith, found rich auriferous gravel in a canyon in the east range of the Humboldt mountains, almost directly across the valley from Unionville, Humboldt county, and a few miles south of Kyle's Hot Springs. The discoverers located several placer mines and disposed of some of them to Chinese. Pat Haney, who returned from that section a few days ago, informs the *Silver State* that Chinamen are swarming into the new diggings, and there are now 100 or more of them in the canyon. They are building a store house there, and a large number of them are at work sluicing and rooking the gravel. He could not ascertain what the diggings are paying, but the fact that Chinese merchants are building there indicates that the mines are good. There is considerable water in the canyon in the Spring and early Summer months, and the diggings are said to be quite extensive.

Cure of Pneumonia.

HESS ROAD, NIAGARA CO., N. Y., March 24, 1886.

About a year ago I was taken with a severe pain in both lungs. I was first attacked with a violent chill, then a dreadful pain and then a cough accompanied by considerable fever. It looked very much like a bad attack of pneumonia. A friend of mine procured five Allcock's Plasters. One he put under each arm, one under each shoulder blade, and one on my chest close around my throat. In a few hours the cough ceased, the pain gradually abated and I broke out in a profuse perspiration. I fell into a profound sleep, and the next day was almost well. I wore the plasters eight days afterwards, and have never had any trouble since. WILLIAM A. SAWYER.

This Postoffice in India.

The postoffice in India is regarded as so miraculous an agency by the more ignorant natives that in some out-of-the-way places the very letter boxes are worshipped. In one case a man posted his letter in a box and shouted out its destination to inform the presiding spirit whom he supposed to be on the inside. Another native humbly took off his shoes as he approached the box, went through various devotions before and after posting his letter, and finally put some coppers before the box as a propitiatory offering, retiring in the same attitude of humility.

An Unlucky Shot.

While a man named Foster, living at White-bread Hill, I. T., was seated in his log cabin, Saturday, a mouse ran over the floor. Foster, with his pistol, began shooting at the rodent, when a ball struck a can of powder, causing an explosion, the wrecking of the house, the death of a 2-year-old and the mortal wounding of a 10-year-old girl and seriously injuring Mr. and Mrs. Foster.

Disorders Which Affect the Kidneys.

Are among the most formidable known. Diabetes, Bright's disease, gravel, and other complaints of the urinary organs, are not ordinarily cured in severe cases, but they may be averted by timely medication. A useful stimulant of the urinary glands has been found in Hostetter's Stomach Bitters, a medicine which not only affords the requisite stimulus when they become inactive, but increases their vigor and secretory power. By increasing the activity of the kidneys and bladder, this medicine has the additional effect of expelling from the blood impurities which it is the peculiar office of those organs to eliminate and pass off. The Bitters is also a purifier and strengthener of the bowels, an invigorant of the stomach and a matchless remedy for biliousness and fever and ague. It counteracts a tendency to premature decay, and sustains and comforts the aged and infirm.

Enjoy Life.

What a truly beautiful world we live in. Nature is a grander of mountains, plains and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain sufficient proof that Gree's August Flower will make them as free from disease as when born. Dyspepsia and liver complaint are the direct causes of 75 per cent. of such maladies as biliousness, indigestion, sick headache, costiveness, nervous prostration, dizziness of the head, palpitation of the heart and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10c. Try it. nov29yl

Take Ayer's Sarsaparilla in the spring of the year to purify the blood, invigorate the system, excite the liver to action, and restore the healthy tone and vigor of the whole physical mechanism.

A recent decision by a Canadian Court opens up a new industry to the enterprising citizens of the Dominion. It is to the effect that if a married Canadian comes to the United States and here marry again, he cannot be prosecuted for bigamy, nor for living with both wives, unless it can be proved that he crossed the line with the intention of getting married. As intended marriage is held about under the most lawful and favorable of circumstances, this intention cannot be proved. The San Francisco *Alta* recommends that the Utah polygamists see what there is for them in this Kanuck law.

There is a prospect of a coffee famine in the world at large, owing to crop failures in a large number of coffee-producing districts. Rio produced several million bags less than usual in 1886, and the prospect is of a still further decline in the crop this year. Competent authorities estimate the crop of 1887 at not over 4,000,000 bags as against former crops of 8,000,000. Java and Ceylon only gave half a crop last year. There is a falling off in the crop of Costa Rica, and an advance of three cents a pound in Mocha coffee indicates a similar state of things in that district.

The Omaha *Bee* heads a scorching editorial with the title, "Infamous Law-makers." The article certainly warrants the heading. "Former Legislatures," says the *Bee*, "have been tampered with and had their black sheep, but never before has a Legislature tolerated and countenanced such a lawless mob of brazen dealers in legislative honor." It is these dealers that the law should get at. They appear to be as shameless in Nebraska as in Nevada.

The Stock Growers' Association of Wyoming, now nearly fifteen years old, is the largest of the kind in the world. It organized with ten members, representing 20,000 head of cattle, and now has over 400 members, representing 2,000,000 cattle, more than 100,000 horses, several hundred thousand sheep, with real estate and plant worth in all more than \$100,000,000.

The official list of the new House of Representatives has at last been completed, and it shows that that body will stand politically as follows: Democrats, 169; Republicans, 152; Independents, 3; vacancy, 1; total 325. There will be 14 contested cases, but their decision is not likely to alter the above classification.

The Supreme Court has reversed the finding of the Circuit and Appellate Courts in the matter of the will of the late Wilber F. Storey. The last will of Storey which bequeathed his property including the charge of the *Times* newspaper, is thus virtually declared invalid. Storey left two wills very similar in their nature, and the last was offered for probate, but the point was raised that at the time of making the will, the testator was not responsible. The first will made some time prior to the one thrown out, it is supposed will now be offered for probate.

A Terrible Confession.

St. Louis, March 22.
One year ago this month, one of the bloodiest murders of human beings known, was committed near Erie, Kansas. J. W. Sell, a well-to-do farmer, and his whole family, excepting one son, Willie, a boy 16 years old, were found murdered, their heads being crushed and their throats cut. There has been a great diversity of opinion as to whether Willie Sell committed the murder. On the trial there was no evidence against the boy, and the jury failed to find any motive for the crime. On the contrary, it was proven that Willie was an exceptionally good boy, and that he and his sister Ina were more than commonly fond of each other. The boy confessed last night that his father, on the night of the murder, had a quarrel with his son, Watt, when the latter struck his father with a hatchet. Willie obtained the hatchet from Watt and knocked Watt down. The mother and sister came into the room screaming, and Willie knocked them down. In a frenzy he cut his brother Watt's throat, and he then declared that if any of the others came to life he feared they would declare that he had killed Watt, and so he cut their throats. The recital corresponds to the facts as ascertained at the trial.

Monetary Matters.

WASHINGTON, March 22.
Instructions were issued to the assistant treasurers at New York, Philadelphia and Boston to receive deposits for one and two dollar silver certificates yesterday, and to resume the issue of those notes. The issue of standard silver dollars from the mints during the week which ended March 19th, was \$406,505. During the corresponding period of last year the amount was \$416,450. Shipments of fractional silver coin since March 1st amounts to \$232,038.

The *Star* last night, said: Colonel Lamont has admitted that the President has decided upon three of the five Interstate Commissioners, but said it was not proper to say anything about the men selected. WESTERN DISPATCHES

A Rich Man's Estate.

SAN FRANCISCO, March 21.
The will of the late Charles Lux was filed in the Superior Court at Redwood City to-day. The first bequest is to his widow, of the Buri Buri rancho in San Mateo county, which contains 1,700 acres. To his brother, Philip, his sisters, Barbara and Dorothea, and his nephew, George, are bequeathed each \$25,000. Numerous other bequests are made to relatives and friends and to charitable institutions, amounting to \$138,000. All the rest of the estate is bequeathed in equal portions to the deceased's brothers, sisters and nephew. The value of the estate is said to reach into the millions.

Utah Criminals.

SALT LAKE, March 22.
At Provo yesterday the First District Court arraigned Dell Hickman, a murderer in the second degree, for killing L. R. Ketchum. He pleaded not guilty and his bail was fixed at \$5,000. Louis Steen, arraigned for murder in the first degree for killing Homer I. Stone at Price station, pleaded not guilty. Don Carlos Low pleaded guilty to unlawful cohabitation. Wm. Harrison, called for sen-

tence for unlawful cohabitation, refused to obey the law and got six months, and \$100 fine and costs of prosecution. Ebenezer Woodford was arrested yesterday for adultery, a new process of getting at the cohabit. The victim was much disgusted and will be examined to-day before Judge Zane. Here yesterday, John England, called for sentence for unlawful cohabitation, expressed surprise that he had been convicted. Of course he knew the laws of God and the laws of man conflict on this question, but had been trying to obey both, but wouldn't promise to obey the laws of man in the future. Sentenced to six months imprisonment and \$300 fine.

A Tumble Among Railroad Officials

SAN FRANCISCO, March 22.
A *Call's* Omaha special says: There is to be a lively shaking up among the Union Pacific officials at an early day; there is no longer any doubt—in fact it has already begun. General Manager Calloway has been superseded by G. W. Cummings. Mr. Calloway's functions are now limited to the office of second Vice-President, and it is understood that his resignation from that position, thus severing his connection with the company entirely, is expected to be accepted. It is said upon good authority that General Superintendent S. I. Smith will have to go, as the operation of the road under his direction has not proved satisfactory. The report is that C. Dickinson, formerly of the Wyoming division, will supersede Superintendent Smith. O. D. Dorrance, Superintendent of the Nebraska division, has resigned, his reason being poor health. Mr. Cummings was the Land Commissioner of the Northern Pacific for several years. It is said there is even a possibility of a new President being elected. There is a contest between New York and Boston parties on this very matter, and if Boston wins, Mr. Adams may be retained.

A Probable Sale.

SAN FRANCISCO, March 22.
Senator Leland Stanford, who returned from Washington yesterday, in an interview relative to the purchase of Senator Fair's South Pacific Railroad by the Southern Pacific Railroad Company, said: "I know of nothing that has occurred to prevent the carrying out of the terms of the purchase. The purchase was concluded before I went to Washington, and the details alone are being worked out. You cannot do things of this kind in a day."

FOREIGN DISPATCHES

Likely to Have a Cell Mate.

DUBLIN, March 22.
Father Kelleher is allowed to celebrate mass daily in his cell. He is also allowed to have visitors for a half hour and to read the newspapers sent him. Various donors have sent him articles with which to furnish his cell. Father Kelleher telegraphed friends at Youghal that he is in excellent health and spirits. Father Ryan, of the Herbestown Branch League, has been summoned to give evidence in a case similar to that in which Father Kelleher was summoned. Father Ryan announces that he is determined to go to prison rather than give evidence.

The Situation Improving.

BISMARCK, March 22.
To-day those of the 300 delayed passengers now here who wish to cross the river, will be transferred in boats. The repairs will be made to the Northern Pacific bridge which can be put in shape for use in two days. At 10 o'clock last night the river was stationary. There will be but little delay in travel from now on, whether the water subsides or not. People are continuing passing between here and Mandan in boats, and about the only trouble at that place is occasioned by the flooded basements and cellars.

The Austrians Celebrate.

VIENNA, March 22.
Numerous banquets and celebrations are being held in honor of Emperor William.

Making a Show of Himself.

The Chinese Minister at Washington, one of the richest men of his race, recently took with him to a photographer, jewels worth \$1,000,000 and a dozen changes of costume, and had himself photographed in different positions.

More Cheap Labor.

Nearly 1,200 Italians arrived at New York by one steamer on Tuesday week. They were marched away from Castle Garden in a manner to indicate that the little army of cheap labor was controlled by padrones.

The Verdict Unanimous.

W. D. Sult, druggist, Bippus, Ind., testifies "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, testified to best medicine I have ever handled in my 20 years' experience, is Electric Bitters. Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only a half dollar a bottle at S. J. Hodgkinson & Co.'s Drug Store.

Heart Disease.

Read the hospital reports, read the mortuary reports, read the medical publications, read the daily newspapers, and learn how heart disease is the most common and most difficult of detection. It is to most people, how many and how sudden are the deaths it causes. Then read Dr. Flint's Treatise on Heart Disease, and learn what it is, what causes it, what diseases it gives rise to, what its symptoms are, and how it may be attacked. If you find that you have heart disease, ask your druggist for a bottle of Dr. Flint's Heart Remedy. The treatise may be had on application to J. J. Mack & Co., Nos. 9 and 11 Front street, S. F.

Make no Mistake.

By dispelling the symptoms so often taken for consumption, SANTA ABIE has brought gladness to many a household. Both of these wonderful California remedies are sold and warranted by Osburn & Shoemaker, Reno, Nevada.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Texas, by the remarkable recovery of Mr. F. E. Cooley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of consumption. A bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of pills and two bottles of the Discovery, he was well and had gained in flesh 36 pounds. Trial bottle of this great Discovery for Consumption free at S. J. Hodgkinson & Co.'s.

So long as Tom Barnett continues in the business, there is no danger of the people of this community being obliged to pay two prices for their shoes.

There is no adulteration in the quality of maple syrup and sugar to be had at E. C. Leadbetter's. Naval oranges and Sicily lemons just received.

The fame of John Sunderland's boots, shoes, and hats has gone abroad, and hardly a mail arrives that does not bring him an order from people from a distance.

Truckee Items.

It is expected there will be from 10,000 to 15,000 cords of railroad wood cut in this vicinity this year.

The railroad company have put on some new cabooses on the Sacramento division. They are of the long pattern.

LOCAL NEWS.

Happenings of the Day in Reno and Vicinity.

District Court.

The following business was transacted in this Court to-day, Judge Bigelow presiding.

Gebhardt vs. John Belz—set for trial on March 24th. An open venire was ordered for 24 jurymen, returnable at 10 o'clock A. M., that date.

W. H. Joy vs. A. J. McCrury—set for hearing on March 23 at 10 A. M.

J. J. Grant vs. W. H. Scott—set for trial on March 25th.

C. C. Powning vs. L. Capuro—set for trial on March 26th.

In the matter of the estate of M. C. Lake, deceased, the application of C. T. Bender, administrator, for an order to sell certain real estate was heard, and upon the petition and proofs presented, the order was granted as prayed for.

Court again to-morrow morning at 10 o'clock.

C. S. Martin to John Douglas, lot 5, block 3—on Third street, between Chestnut and Ralston streets; consideration, \$200.

High Price for Beef.

The sale of 160 head of beef cattle was made in Reno yesterday, delivery to be made on the 5th or 6th of April next, for 7 1/2 cents per pound—the highest price obtained here this season. It was stated on the street this afternoon that a small number of beaves were sold last evening for 8 cents, but no one appeared to know who the seller or purchaser were, and consequently the statement was not credited. However, this price is not considered unreasonable, as hay in the stack on the Truckee meadows is selling for \$15 a ton.

The U. S. Surveyor General's Office.

Surveyor General Irish has been busy for several days taking an inventory of the United States property in his office, preparatory to turning it over to his successor, whoever he may be. This is required by law, and while awaiting the appointment of his successor the property will remain in the hands of a custodian, who, in this case, is the Chief Clerk. This course would necessarily have to be pursued even though General Irish were decided on for re-appointment.

Summoned to Appear.

Messrs. McConnoughey, Mapes, Todhunter, Devine, Cogswell and others, who are accused of having fenced in Government lands in Southern Oregon, have been summoned to appear before the Federal Court at Portland. The exact nature of the proceeding was not learned.

With Closed Doors.

The hearing before Justice Young to-morrow morning in the case against L. J. Moore, charged with the murder of his daughter Alice, will probably be conducted with closed doors. The court room is small and the number of witnesses subpoenaed large.

Stock Shipments.

Last evening Louis Dean shipped six cars of beef cattle to Stockton, and James Miller shipped two cars to Dutch Flat.

Sixteen cars of cattle shipped at Lovelock by the Marker Bros., to M. Brandenstein & Co., San Francisco, were unloaded here last evening, to be reloaded to-night.

Looking After Their Ditches.

Several ranchers from the neighboring country came to town this morning to look after their irrigating ditches, where they lead from the Truckee river, and make necessary repairs. The work of irrigation will soon commence.

A Reno Federal Appointment.

Yesterday the President appointed our fellow-townsmen, Thomas Haydon, United States District Attorney for Nevada. Good for Grover.

Somewhat Set Back.

The Tribune says: Some members of the Carson Guard having stated that they would not take the oath prescribed by the new militia law, were thunderstruck when it was shown that they had subscribed to the same oath when they joined the company.

Prison Manufactories to be Closed.

The State Board of Prison Directors of California have decided to sell no more granite from the quarries at Folsom, and will close all the manufactories at San Quentin, except the jute works, on the 1st of September.

PERSONAL.

Mr. Novacovich is reported ill. Judge Bigelow arrived on last night's express.

Harry Clawson passed west on last evening's overland.

Dr. Thoma, of Eureka, is said to be thinking of settling in California.

P. F. Scott, the Central Pacific bridge-builder, arrived from below this morning.

Miss Annie, daughter of County Commissioner McLaughlin, is very ill with lung fever.

W. S. Hobart and A. C. Ellis were passengers from below on this morning's express.

Judge R. S. Mesick returned from the Comstock last evening, on his way to San Francisco.

Senator Westerfield, of Dayton, and Archie McDonald, of the Comstock, returned from California this morning.

The sad news has been received here that Mrs. Finlayson, who is on a visit to her daughters at Los Angeles, has been stricken with paralysis.

The Tribune says that Judge T. D. Edwards and family, Mrs. Fred Turner and Mrs. Cowan all talk of soon leaving Carson for Southern California.

Mrs. C. F. Williams, of Carlin, arrived in Reno on last night's express train. She is visiting her daughter, Miss Lizzie, who is stopping with Mr. and Mrs. L. L. Crockett.

San Francisco Society Agog.

The latest thing San Francisco society people have found to talk about is Mrs. Mackay's approaching visit to this coast. It is said she will accompany the Princess Colonna and the young Prince, and that there will be great rejoicings among the upper ten. The distinguished party will reside in Mrs. Crocker's house on Nob Hill, and there will be a series of entertainments, before which the ordinary kettledrums and every-day Germans will pale their ineffectual fires. Perhaps some of the distinguished people whom Mrs. Mackay has associated with abroad may accompany her, and to the Yosemite and other wonders of the West.

An Immense Reservoir.

An eastern paper says: The dam to be built at Quaker Bridge to supply New York with water will be the greatest reservoir in the world, as it is to hold 40,000,000 gallons. It will furnish 100 gallons of water daily to each person in a city of over 3,000,000 inhabitants, and will put back the project of drawing water from Lake Champlain and the Adirondack region for the next 40 or 50 years. The dam itself will probably cost \$10,000,000.

Good Marksmanship.

Last Sunday, G. C. Thaxter, of the Carson Guard team, shot six scores over the 200-yard range with the following result:

	Credmoor.	Ring.
First ten.....	48	82
Second.....	45	73
Third.....	42	71
Fourth.....	45	76

Symptoms of Dementia.

The Queen's freak for a circus performance and the forcing of the Life Guards to sit in their saddles and the policemen to appear on both occasions of her recent visit to London, without overcoats, while the weather was intensely cold, about 18° above zero, are attributed to the appearance of dementia.

Since Congress provided for the appointment of a committee to investigate the condition of the Union Pacific, orders have been issued to suspend all construction on the system. The building and bridge department anticipated lively work this summer, but this order issued by Mr. Calloway has put a quietus to all such plans.

A Debris Suit.

The debris suit brought by Stockton, Cal., against the hydraulic miners was decided for the defendants Saturday, on the ground that the natural wash and the plowing of the ground is responsible for the debris to an excessively large extent. An appeal will probably be taken.

Heavily Taxed.

Residents of Muhlenberg county, Ky., announce forcible resistance to the collection of taxes to pay the bond debt. The railroad debt of the county is \$2,205,578, while the valuation of property of the county is only \$8,100,000. Bloodshed is expected.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief. Price 10 cts. 50 cts., and \$1. Sold by Osburn & Shoemaker.

BREVITIES.

Local and General News.

Scarlet fever is said to be quite prevalent in Carson Valley.

Constable Upson's three children are down with scarlet fever.

The wagon road between Carson and Glenbrook has been cleared of snow.

Quite a large number of Italian immigrants arrived here direct from Italy on last evening's train.

The President does not seem to regard Mr. Randall's preferences for Federal appointments in Pennsylvania.

Moody, the evangelist, will again appear in San Francisco in May. He will probably draw as large houses as ever.

Parry & Fitzgerald are tearing away the small building at the east end of their hotel, preparatory to the erection of a substantial addition.

Jerome Knox, who was taken into custody several days ago, charged with insanity, has recovered sufficiently, it is believed, to allow of his freedom in a day or two.

Since its recent coat of whitewash, the interior of the Court-house looks bright and cheerful. A coat of paint on the woodwork would still improve its appearance.

This morning's east-bound express train consisted of 15 cars, seven of which were sleepers. There were 110 first-class passengers, nearly all of whom took breakfast at the Depot Hotel.

The Paradise Valley Mining Company has 85 men on its payroll. Thirty-three tons of ore were produced last week, the average assay value of which was 56.25 ounces silver and 0.40 ounce gold.

Nashy has received a letter from Dick Jose, who says he has sold 1,500 copies of the songs he has been singing, and has ordered 1,000 more. On Sunday evening, the 13th instant, he sang in Boston, where he mentions having met Miss Flora Finlayson, of Reno.

In all probability Dan DeQuille is the most prolific newspaper writer on the Pacific Coast. In addition to writing up four columns of local matter every day for the Virginia Enterprise, he corresponds weekly with several large journals of the East.

Last week's business with the San Francisco hotels was immense. The 600 rooms of the Baldwin, the 350, or thereabouts, of the Occidental, the 330 of the Russ and the 1,015 of the Palace, with nearly every other hotel of the city, were overflowing; and the rush continues.

\$55 00 CASH.

This engraving represents one of the cheapest and best made Parlor Suites that is manufactured. This suite consists of Sofa, Easy Chair, Reception Chair, Divan and Patent Rocker—five pieces in all. We make this suite in electro plush, assorted colors, or all in one color, with spring edge and silk plush border, for \$55. We also make it in wool plush (not spring edge), assorted colors, or all in one color, for \$55.

Either of these suites are very pretty, and will, without doubt, please the buyer. Suites consisting of sofa, easy chair, patent rocker and four reception chairs—seven pieces in all—cost the same price as the five-piece suite.

These suites are not the "Eastern Made," but are manufactured by us. We guarantee them to be first-class and far superior to the Eastern suites that are sold. Samples of plush and other coverings mailed on application.

Our line of bed-room suites in walnut, mahogany, antique oak, antique ash, ash and pine are handsome in design and cheap in price. Photograph of our \$18 bed-room suite mailed on application. Address all letters to

A recent attack of indigestion or constipation is easily cured if the right remedy is applied, but every medicine except Hamburg NGS is so disgusting to taste or smell that a person prefers to let the disease take its course (the above caution cannot be obtained. See).
